

WELCOME TO THE ORANGE COUNTY JUSTICE FUND

A comprehensive introduction to our organization. During this session, attendees will learn about our mission, values, and services we offer. We'll highlight key resources available to individuals involved or interested in our community.

KNOW YOUR RIGHTS

This workshop empowers immigrants and allies with essential information about legal rights, covering protections at home, work, and in vehicles. Gain insights and guidance on interactions with law enforcement. Participants will also learn about the new immigration policies currently in effect.

FAMILY PREPAREDNESS PLANNING

This workshop provides crucial information for individuals in the need of creating strategies for immigration-related emergencies. Participants will learn how to develop a family plan to stay safe and informed during times of uncertainty. Additionally, the workshop will provide an overview of new policy implementations.

LEGAL EMPOWERMENT AND GRASSROOTS PARTICIPATION

This workshop explores the legal empowerment movement led by grassroots communities to democratize the law and redistribute legal power to those directly impacted by injustice. Participants will discover strategies beyond traditional legal avenues, gaining insights into creative solutions for addressing legal challenges. Workshop hosts offer tangible support to participants interested in developing their own programming and can refer participants to existing LEP efforts in Orange County.

Community Education Workshops

The Orange County Justice Fund offers workshops and presentations on topics most relevant to our immigrant community. All workshops can be conducted in English or Spanish. Some can also be offered in other languages as needed. Contact us today to schedule a workshop, or discuss another topic relevant to your community.

EMPOWERING WORKERS IN CALIFORNIA

The presentation will focus on empowering workers with knowledge of their rights and resources across various workplace scenarios. It covers topics such as workers' compensation, filing complaints with state agencies, protections against retaliation, and avenues for accessing unemployment, disability, and paid family leave benefits through the California Employment Development Department (EDD).

CIVICS 101 FOR IMMIGRANT COMMUNITIES

This interactive workshop is designed for adults who want to better understand how the U.S. government works—and how local, state, and federal policies impact their communities. We'll break down how laws are made, what executive orders and court decisions mean, and how to stay informed about immigration policy changes.. We'll explore ways to get involved at the local level, no matter your immigration status.

STANDING WITH OUR IMMIGRANT NEIGHBORS

This workshop is designed for allies who want to stay informed and prepared on how to safely and actively support our immigrant neighbors and community. Foundational information about legal rights including the right to document law enforcement is covered. Gain up to date insights on how to interact with immigration enforcement agents and explore tools on how to stay engaged locally.
